## NEWS IN BRIEF

### Cases on the rise

Northamptonshire Resilience Forum reports that while data up to 2nd July shows all district and borough area infection rates per 100,000 population continue to be 'significantly lower' than the national average, cases are on the rise.

The county's infection rate is now 42.5 per 100,000 as a rolling weekly average. This is lower than the national average of 138.4 – however, this is due to a sharp increase in the national case rate being driven by the more contagious Delta variant. Locally the highest rates are showing in the East Northants area (76.2), South Northants area (65.6) and Northampton area (41.9).

Lucy Wightman, Joint Director of Public Health – North and West Northamptonshire Councils says: "There are an increasing number of tools in our locker which can help us to reduce this spread. Firstly, the vaccination [...] Secondly, regular testing can pick up infections in those without symptoms and cut transmission. Finally, it cannot be underestimated the value of good hand hygiene, so keep washing your hands [...] Keep sanitiser with you so you can kill germs whilst out and about, and wash your hands thoroughly when you return home."

# New audio tour of the Treasures of Higham Ferrers

An exciting new audio described walking tour has been launched that provides a fascinating glimpse into the history and main treasures of the beautiful medieval town of Higham Ferrers.

The tour is available for mobile phones by downloading the Higham Ferrers Audio Tour from Google Play or the Apple App Store. As you listen you will be skilfully guided on your walk around the town by three local narrators.

The audio tour app has been funded by private donation and the Heritage Lottery Fund as part of the Town Charter Project between the Town Council and Higham Ferrers Tourism, Business and Community Partnership. The project, alongside the valuable charter conservation work, seeks to raise awareness of the town's history and the role the charters have played within this.

The tour gives a fresh insight and new way for local residents and visitors to enjoy and appreciate the treasures of the town.

The tour begins in the Market Square with its 14th-century Market Cross and important town buildings, including the Town Hall. Moving to St Mary's churchyard you will hear of the church, which began construction in 1220, and its later additions, the spire and west porch. The Bede House and Chantry Chapel sit within the churchyard and the tour has a dedicated section to both of these intriguing buildings and their functions both past and present. Leaving the

churchyard, the tour continues to the site of the former Higham Castle which had fallen into ruins by the late 15th-century. This was finally demolished in 1523 when Henry VIII granted permission for "as moche stone and lead" to be taken to build the new Tudor Wing at his castle in Kimbolton. The Dovecote remains along with fishponds and a warren.

The tour proceeds to Chichele College, founded with the Bede House in 1421 and the more recently created medieval style gardens. The notable historic buildings of Pear Tree Cottage and Ivy House mark your return to the Market Square.

Fancy learning more of the rich history of the town? Simply download the app, visit the Market Square and let the audio described walk begin. The tour lasts approximately 1 hour.

# WILDLIFE NEWS

WORDS BY  
ROY BURRELL

At this time of the year, call it 'high summer' whatever the weather throws our way, the plants and animals in our hedges, fields and gardens are going through the busiest and most important part of their lives.

Look at the displays of flowering plants, trying to ensure that there will be another generation for us to enjoy next year; if they are very successful we may find ourselves changing our attitude and calling them 'weeds'! The same will to survive is also present in the animal kingdom, but the signs are different; there is less opportunity or need for bright, eye-catching colours, so fewer colours show up. But lack of colour is no handicap to the animals concerned, and they have found other "lover-catchers".

Some garden visitors are often, in our eyes, not what we would like to see, and the creatures become "pests". One very successful example over the past 150 years is the non-native grey squirrel. Most people are aware that there are two different kinds (colours) – red and grey (the grey variety can

occasionally show patches of the red colour, so do not jump to conclusions!).

After the grey was introduced from overseas it rather liked what our countryside had to offer, and its growth was rapid. It was soon by far the most common and any long-tailed furry animal jumping around in the trees can fairly safely be identified as 'grey'.

Some conservation groups are starting to reverse losses, to give some help to the struggling reds.

It would have been hard enough to make certain that there was sufficient food to supply all the waiting mouths (and this species is not just a harmless hunter; if necessary it will take to a non-vegetarian menu, including eggs and baby birds).

Another danger was a disease which the red variety can catch without affecting the greys. And the 'last straw' was probably the increased pressure on garden bird foods, so that even we humans are being affected. Helping struggling animals is never without its own problems.

# GENEALOGY JOTTINGS

WORDS BY  
JAN PEARSON

Last time I mentioned some updated websites that could help you in your search for your ancestors. Here are some more for you:

- Commonwealth War Graves Commission ([www.cwgc.org](http://www.cwgc.org)) – For ancestors who died in either of the two world wars, the record of their grave or memorial should be here. Also includes some citizens as well as the Armed Forces.
- UKBMD (<https://www.ukbmd.org.uk/>) – This website provides links to websites that offer online transcriptions of UK births, marriages, deaths and censuses.
- Cyndi's List ([www.cyndislist.com](http://www.cyndislist.com)) – A comprehensive, categorised and cross-referenced list of links that point you to genealogical research sites online.
- Federation of Family History Societies ([www.ffhs.org.uk](http://www.ffhs.org.uk)) – The door to family history societies in England and Wales.
- Proceedings of the Old Bailey ([www.oldbaileyonline.org](http://www.oldbaileyonline.org)) – An invaluable resource if you have criminal ancestors who were taken to court at the Old Bailey.

- The London Gazette ([www.london-gazette.co.uk](http://www.london-gazette.co.uk)) – If your ancestor was made a bankrupt or received a medal they may have been mentioned here. Always worth popping a surname in the search box to see what comes up. You can view the articles without actually buying a copy.
- The Early British Censuses ([ebc.byu.edu](http://ebc.byu.edu)) – There are various disparate censuses that took place before 1841. It currently covers large portions of Kent and greater London but more will be added over time.

It is also worth popping a surname into sales websites such as eBay. I did this a few years ago with my family name of Milsted and, apart from getting hits for the village of Milsted in Kent, I also found an indenture dated 1825.

Don't forget – if you do not have a computer at home, you can always contact Oundle Library to book a space on one of theirs.

# M&S and Stanwick Lakes: a new partnership for 2021

Marks & Spencer chooses a different charity to support every year and this year Rushden Lakes M&S has chosen Rockingham Forest Trust at Stanwick Lakes. Stanwick Lakes is a beautiful 750-acre countryside attraction and nature reserve located barely three miles down the valley from the M&S store.

During this partnership M&S will raise money through donation boxes at every till throughout the store as well as their staff volunteering at the unique site for various events

and practical conservation days throughout the year, to help maintain the flora, fauna and community facilities.

For their part, the team at Stanwick Lakes, to say thank

you, will also be volunteering at Rushden Lakes M&S during the Christmas months, and at small fundraising events.

RFT Director, Alyson Allfree said: "We are so grateful for the support from M&S in what has been a particularly challenging twelve months, and we are really looking forward to working with them."

Anna Higgins, Deputy Regional Fire, Health and Safety Officer from M&S Rushden Lakes said: "It is great to partner with a charity that's so local to us and which runs a facility that is so valued by our customers and staff. Our team gets a real buzz from their involvement."

All funds donated will directly go into looking after Stanwick Lakes for both people and wildlife.

# LOCAL SITE MANAGER NAMED BEST IN THE COUNTRY FOR QUALITY

A Northamptonshire Site Manager from David Wilson Homes has won a top national award for the quality of the homes they are building.

Gary Du Pille (61), based at The Nurseries in Thrapston, has won this prestigious award for his work onsite, marking him down as the best in the UK.

Known as the "Oscars of the housebuilding industry", the National House Building Council (NHBC) Pride in the Job Quality Awards recognise the finest Site Managers from around the country.

Gary, originally from London, picked up his third Pride in the Job Quality Award. He has worked for David Wilson Homes for over 10 years now, and is thriving as a Senior Site Manager.

Gary said: "I'm over the moon to hear that I have won another Pride in the Job award! Every award is a great reward, and I do not intend on stopping there. I have been in the industry for 44 years now, with 10 years as a Site Manager, and I still love it.

"The award is really fantastic. I must thank both the team I work with for their great efforts, and the wonderful Thrapston community. I must in particular thank Assistant Site Managers Andy Trainer and David Holden, labourer Steve White, and my forklift driver Ian Arthurs."

# Midnight Train to Georgia: A celebration of Gladys Knight

Born in Georgia in 1944, Gladys Knight began singing with her siblings at the age of 8. The group opened for many R&B legends in the 1950s before heading to Motown. There began the legend that became Gladys Knight & The Pips.

Capturing the essence of the multi award-winning singer, Hayley-Ria Christian portrays Gladys Knight in this special stage production which comes to Castle Theatre, Wellingborough in September. Featuring the hit songs 'Baby Don't Change Your Mind', 'Help Me Make It Through the Night', 'The Way We Were/Try To Remember', 'Part Time Love', 'Licence To Kill' and her signature tune, 'Midnight Train To Georgia' this show is not to be missed.

Midnight Train to Georgia is definitely not a tribute, but a faithful portrayal, and pays homage to the Empress of Soul... the one and only Ms Gladys Knight. Tickets are available now from the Castle Theatre box office.

## CONNECTING TO THE LANDSCAPE

This summer, Fermynwoods Contemporary Art continues to bring art to new and unexpected places. With venues indoors, outdoors and online, audiences don't always need to enter a gallery to find a world enhanced by art.

Fermynwoods' exhibitions at four locations across Northamptonshire (in the gardens and buildings of stately homes, Deene Park and Rockingham Castle, the vibrant setting of East Carlton Countryside Park, and peaceful Fineshade Wood) explore the rich history of our area and how we as humans are connected to the landscape – something of increased importance to many over the last year. You'll find sculpture, film, unexpected tales and perhaps a ghost or two.

Exhibitions at East Carlton Countryside Park and Fineshade Wood are free to experience during normal opening hours, while exhibitions at Deene Park and Rockingham Castle are subject to those sites' admission costs.

For those shielding or simply wishing to experience art from home, Fermynwoods' online programme includes unique, immersive online artworks by Sarah Gillett which mimic and build on the Rockingham Castle grounds, a new series of podcasts of original sound art, audio essays and artist discussions, and much more.

Find out more at [fermywoods.org](http://fermywoods.org)

## NMVC LITE shines bright again

After a 15-month hiatus due to Covid restrictions and the disappointment of numerous cancelled concerts, a small group of Northampton Male Voice Choir choristers, 'NMVC LITE', performed live on stage for the first time since competing in the Milton Keynes Festival of the Arts on 13th March 2020.

On Saturday 26th June NMVC LITE, a mainly a cappella group, were guest performers at a sellout concert at Kettering's United Reform Church. The concert, A Night with The Tenor & Guests, had been organised by local professional singer and

musician, Joshua Daniels ('The Tenor'), in aid of the North Northamptonshire Music Festival which will be held for the first time ever in June 2022.

Conducted by NMVC's Musical Director, Stephen Bell, NMVC LITE sang three memorable songs from West Side Story, a trio of salty sea shanties, the '60s hit ballad 'A Portrait Of My Love' plus two other popular songs, 'The Rose' and 'You'll Never Walk Alone', which they performed

together with Joshua.

In addition to NMVC LITE, Joshua's other guests were local singers Vicki Becks, Katie-Rose Parker and Jonathan Reynolds.

NMVC LITE's next concert is on Saturday 24th July, when they will appear as guests at the One Voice concert to be held at Northampton's Deco Theatre in aid of the Northamptonshire Community Foundation's Coronavirus Response and Recovery Fund. Keep up to date with NMVC online.

# COUNCIL'S REFUSE COLLECTION SERVICE SCOOPS NATIONAL AWARD

The refuse and recycling team which covers Corby and Kettering has been recognised for its commitment to improving services.

The Corby-Kettering Shared Service (Borough Council) team was successful in the Best Performer in Refuse Collection category at the Association of Public Service Excellence (APSE) Performance Networks Awards, held online on 8th June.

The awards, which show the commitment of teams to continually improve service and performance levels, are based on operational data, which is assessed against a range of indicators, including cost, quality, workforce development and value-for-money. The data is independently verified for accuracy and integrity following an initial assessment.

Cllr Graham Lawman, Executive Member for Highways, Travel and Assets, said: "I'm absolutely delighted for the team – they are very much the worthy recipients of this award, which goes to show how hard they have worked. A big thank you to them for their work.

"And this is great news for our residents too – I know how much people value a reliable collection service and this goes to show that our staff are prepared

to put in that extra effort to deliver a quality service.

"I'm also delighted that as a new council, one of our services has been recognised at a national level. This tremendous accolade sets the bar high for the quality of services that we want to provide for residents."

Cllr Jason Smithers, Leader of the Council said: "What great news this is for the team and for them to keep building on an outstanding track record of service delivery. Many congratulations."

Over the past 10 years the team has been identified as a finalist in the best performer category for nine consecutive years, while, in four of those years, they also made the shortlist as most improved performer. The team have been winners of the best performer category five times, with four of those awards in the past four years.

The awards are designed to recognise frontline services, delivered to local communities, by local councils. APSE is a not for profit unincorporated association working with over 300 councils throughout the UK.
