NEWS IN BRIEF

Postal voters
urged to apply
early for May
elections

On Thursday 2nd May voters in North and West Northamptonshire will go to the polls to elect the Northamptonshire Police, Fire and Crime Commissioner (PFCC) and residents are being encouraged to apply early to vote by post.

The PFCC is elected to oversee local policing and fire and rescue services, manage the police and fire and rescue budget, set council tax rates for policing, and ensure transparent communication about police activities in the community. They will also make key appointments of the Chief Constable and the Chief Fire Officer for the Northamptonshire area.

People are urged to apply for postal votes as early as possible, ahead of the deadline of 5pm on Wednesday 17th April. Those wishing to vote by proxy can also do so in advance of the deadline of 5pm on Wednesday 24th April.

Anyone not yet registered to vote must do so by Tuesday 16th April in order to take part in this spring's election. You can register to vote on the gov.uk website.

CHARITY ASKS NORTHANTS DAREDEVILS TO TAKE THE PLUNGE

National charity Hearing Dogs for Deaf People is asking Northamptonshire residents with a sense of adventure to abseil down the National Lift Tower in May to raise much-needed funds to help deaf people leave isolation behind.

The National Lift Tower in Northampton is an iconic feat of architecture. The height of the tower – a staggering 418 feet – and its unique features have made it an important resource in the research and development industry, but it is also now the highest abseil tower in the world.

The Hearing Dogs Abseil will take place at 10am on 11th May at Tower Square, Northampton. It costs £75 to sign up and the charity is asking everyone taking part to raise a minimum of £200 in sponsorship. Anyone

wanting to 'take the plunge' can register their interest by visiting the Hearing Dogs website.

Once registered, those taking part will receive a Hearing Dogs digital welcome pack full of tips, advice and fundraising materials, as well as the support of a dedicated Hearing Dogs team member in the run-up to the event. Each person taking part will also get a free Hearing Dogs t-shirt.

Hearing dogs are trained to alert deaf people to important and life-saving sounds such as smoke alarms

and alarm clocks. They also provide companionship and emotional support, which is just as important as many deaf people can feel lonely and isolated.

Vicky Ryan, Community

Fundraising Manager for Hearing Dogs for Deaf People said: "The charity relies entirely on donations and people fundraising to raise the money needed to fully train and support our hearing dogs

for the duration of their lives. By taking part in this event on behalf of the charity, people will be helping us train many more puppies to go on and help someone with hearing loss reconnect with life."

Vegetation causing damage to Kettering Library to be removed

As part of the wider project to replace Kettering Library's Grade II listed roof, works will start in March to remove vegetation that has been identified as causing damage to the building.

Currently, ivy and Virginia creeper cover a large portion of the Library and Art Gallery with vegetation growing, at places, through the building's windows and roof causing damage and impacting the overall building.

Now, North Northamptonshire Council will start works to fully remove all the vegetation and clean up the exterior of the building, which will prevent further damage and reduce maintenance costs in the long term, whilst allowing for the historical architecture of the building to be visible.

The works are taking place now to avoid the removal of plants later in the year when, typically, they would be flowering/denser.

The work will be undertaken as the Library roof project replacement moves into the 'delivery' phase.

Tree canopies around the building have already been raised to prevent further damage to existing roof slates.

Cllr Helen Howell, the Council's Deputy Leader and Executive Member for Sport, Leisure, Culture and Tourism, said: "As we move to the 'delivery' phase of this extremely complex and carefully thought out project, we have been working with specialists on the best solutions to preserve this important

historical building.

"As part of this process, we have been advised that the ivy on the outside of the building is causing damage and should be removed. The Virginia creeper is directly affecting the rainwater dispersal system, which has been a major factor in the recent issues with the leaking roof and removing the vegetation will also allow the historic architecture of this beautiful building to be visible.

"Removal of the Ivy and Virginia Creeper was always going to be the final option, but we have to consider the damage that is being caused and the long-term impacts."

Further updates about the Kettering Library roof replacement project will be published in due course.

GENEALOGY JOTTINGS

WORDS BY
JAN PEARSON

Do you remember last time that I mentioned websites such as Ancestry and Find My Past? A word of caution: the indexes for these websites have been transcribed and the original could be open to misinterpretation. Therefore, a badly written name on the original might be transcribed as a 'best guess' by the person doing the transcribing – especially if they were unfamiliar with the names. Even if you are making notes from originals in a Record Office, it is possible to come unstuck.

So, bearing this in mind, if you are looking for an ancestor online, but cannot find them, it is always worth using 'wildcards'. This is where you insert a * in place of a letter, or series of letters. Even on a first name, things might not be as you thought. An ancestor named Louise might be recorded as Louisa, and so not appear when you search for her under Louise. Using this as an example, you could then try Louis*. Oh yes – they might even be going by their middle name instead of their first!

Over time, you learn these tricks but the key is to think laterally and not have the blinkers on. A prime example of this is when I was searching for my great grandfather's brother in the 1841 census. I could find his parents, John and Elizabeth, who were living in the village of Ashdon in Essex but with a 3-year-old girl called Sarah. Sarah never figured in other records – future censuses, baptisms etc – so I was unable to work out who she was. Then the penny dropped. I was looking for a boy called Pharoah and, in the flat Essex accent of the time, it would sound like Sarah: Pharoah rhyming with fairer! My great, great grandfather could neither read nor write and so it was the enumerator who recorded what was said to him.

So, the next time that you cannot find someone, think of the accent that might have been used and say names out loud!

FUNDING APPROVAL CREATES AN ADDITIONAL 28 SEND SCHOOL PLACES

North Northamptonshire Council Executive has approved a capital project at Corby Business Academy.

The scheme is worth up to £543,900 and when completed this autumn will help address the growing demand for Special Educational Needs and Disabilities (SEND) school places in the council area.

Leader of the Council, Councillor Jason Smithers said: "I am delighted that we have been able to use Higher Needs Funding to give this project the go ahead.

"We have a statutory obligation as a council to provide appropriate enhancement of an existing school to meet the demand for SEND school places, an obligation we take seriously.

"So, we are extremely fortunate that Corby Business Academy has the physical

space that can be used to help us address the shortage of SEND spaces in North Northamptonshire."

The project has come about after Corby Business Academy (a secondary school) expressed an interest to the council in expanding their current SEND provision.

Parts of the original school were designed to accommodate a SEND provision which included a hydrotherapy pool. However, over the years the school's intake has been directed at more mobile students.

A refurbishment of the original hydrotherapy area, together with replanning will increase the teaching

space footprint enabling an increase in pupil numbers. The project will create two classrooms and accommodate an additional 28 SEND pupil places.

Cllr Scott Edwards, the Council's Executive Member for Children, Families, Education and Skills, said: "While we are funding this project, I am pleased that the works will be project managed by the school and their design team as both have a proven track record of delivering projects to budget and on time.

"I am excited to see the classrooms in September and delighted that the school will soon be welcoming another 28 SEND pupils."

Record number of lambs due to 'spring' into heritage site this March

Visitors can prepare to feed a record number of Cade lambs this Spring at The Chester House Estate, as the team go bigger and better for their popular Spring event for 2024.

The Chester House Estate, a heritage site based in Irchester, have cared for lambs since their first Spring event in 2022 – where 40 Cade lambs were housed in their Lamb Barn for the Easter period. Visitors were able to speak to experts, bottle-feed the lambs and were provided with guidance on keeping themselves and the lambs safe.

This year, the estate is welcoming more cade lambs than ever, in addition to ewes and goats that will be housed in a brand new marquee named 'The Lamb Shed', and visitors can take on the giant Spring hunt and for the first time meet the Easter bunny.

Cllr Helen Howell, North Northamptonshire Council's Deputy Leader and Executive Member for Sport, Leisure, Culture and Tourism, said: "As with previous years, we will have a dedicated expert livestock team who will be looking after the lambs. The team are dedicated to educating young people with the 'Farm to Fork' story and providing hands-on learning experiences on the estate.

"Our Spring at the Estate event is always a family favourite, and our biggest event of the year, so by increasing the lambs we care for, it has two

main benefits – we are able to provide for more families to experience the feeding, whilst also care for and protect the welfare of these lambs."

This year, The Chester House Estate is looking after a local farmer's Cade lambs. These are lambs that cannot be fed by their mums and need help to survive and flourish. As well as bottle feeding the Cade lambs, the Chester House Estate Lamb Shed will also be home to a number of ewes and their lambs, as well as several goats and their kids.

Visitors to The Chester House Estate will be able to visit and feed the lambs and chat to the estate's expert livestock team from Friday 29th March to Sunday 14th April 2024. The brand new experience sees visitors exploring the 85-acre estate for the Spring hunt, meeting the Easter bunny for the first time, and having a go at some Spring origami – all included in the price of the Spring passport.

For more information and to buy your Spring passport, visit the Chester House Estate website.

The Chester House Estate is overseen by North Northamptonshire Council and opened to the public in October 2021, following an extensive £17m National Lottery Heritage Fund supported restoration project.

Return to Treasure Island

Hidden treasure in Raunds? Unlikely, you'd think, but the cast of this show at Raunds Town Cricket Club will be on the hunt for it from 21st to 23rd March at 7.30pm.

Robert Louis Stevenson will no doubt be spinning in his grave at what Raunds Footlights have done to his classic story but the blame lies squarely on Dinah Stevenson (no relation to RL) who wrote the script. She's also the Musical Director who has planted various nautical numbers into the action which features Polly Silver, daughter of Long John, and her friends trying to find the buried loot before

the dastardly but incompetent Paddy McGlurk gets his mitts on it.

Yes, RLS wrote a cracking tale but maybe it was slightly short on laughs. Fortunately, this is not the case with the Footlights version – and with the show taking place in the bar you'd have to be careful not to spill your drink!

So, who is Mungo St Jerry? How do you get to Bali Heck? Whose head is the wrong way round? And why does the Norwegian Navy paint barcodes on the sides of its warships? Find out by buying a ticket (£8) from the box office on 01933 624272.

Final budget proposals for 2024-2025 approved by North Northamptonshire Council

Draft proposals were initially agreed by the Executive on 21st December, and these were subject to a detailed consultation process and scrutiny before final proposals went before Executive.

Overall, the net revenue budget for 2024/2025 is £375.3 million. This money provides a range of services to residents and businesses across the area including care to vulnerable adults and children, education, the disposal and collection of waste, highways maintenance, economic development, housing and support for those that are homeless.

The council also has a programme of capital investment totalling £113.1m over the four-year period 2024-28 across a number of schemes including investing over £49.1m into highways, £12.3m for schools, £10.7m to support disabled facilities, £9.1m in improving digital infrastructure, £2.7m from the Corby Towns Fund and £2.9m for electrical vehicle infrastructure.

A commitment to maintain vital service provision has seen the council invest an additional £62.6 million into services to protect the most vulnerable in our communities and address a growing need for services.

Jason Smithers, Leader of the Council, said: "This last year has been extremely tough financially. We have seen a significant increase in the need for, and costs of, social care for both adults and children and this is placing an unprecedented financial pressure on the council.

"Despite this challenging situation, we have again been able to set a balanced budget for the year ahead. This means we will only spend what we can afford. At the same time, we are planning to both protect and invest in local public services.

"Delivering efficient, effective, and affordable public services is a commitment we have made to everyone in North Northamptonshire. We have been making sound progress on this, but we will of course continue to do more."

Council Tax

Government has permitted local authorities to increase the Council Tax

rate by 4.99%, including 2% for the adult social care precept, in recognition of the difficult financial climate and increased inflationary pressures.

The authority will be increasing Council Tax to the amount allowed by Government of 4.99%.

This increase will contribute around an additional £9.5m per year towards inflationary and demand led pressures to enable services to be maintained and will represent a Band D level of Council Tax for North Northamptonshire Council of £1,740.22 for 2024/2025.

This is an annual increase of £82.71 (equivalent to £1.59 per week) from the Band D Council Tax level set in 2023/2024.

Around 57% of properties in North Northamptonshire are in Council Tax Bands A and B which will see an annual increase of £55.14 (equating to £1.06 per week) and £64.33 (£1.24 per week) respectively.

Increasing Council Tax has the

advantage of providing stable funding for the future, helping to further protect services.

This Band D figure does not include the Council Tax for individual Town and Parish Councils or the Council Tax set for Fire and Police by the Northamptonshire Police, Fire and Crime Commissioner.

There is no change to the Local Council Tax Support Scheme which will continue at 25%.

Housing Revenue Account

The Housing Revenue Account (HRA) is a separate ring-fenced account within the council for the income and expenditure associated with its

housing stock. The HRA does not directly impact on the council's wider general fund budget or on the level of Council Tax. Income to the HRA is primarily received through the rents and other charges paid by tenants and leaseholders.

This year's HRA will see a balanced budget for the two Neighbourhood Accounts.

There will also be a rent increase of 7.7% for the next financial year, which accords with the Government's rent setting policy for 2024/2025. Any funding received by the HRA is retained within the HRA and will be used to support housing improvements and maintenance.
